

# NJP® Herba Mint

NEW

## INTENSIVE Uddercare

We are pleased and proud to announce our new NJP® HerbaMint.

NJP® HerbaMint are a more complex product than Original NJP® Liniment and other traditional mint products on the market.

Mint and Menthol\* together with a carefully selected blend of herbs enhance blood flow intensively; but NJP® Herbamint does not only enhance the health of the udder, it also enhances the health of your pocket – it is much more profitable in use.

\* Menthol are a concentrated active compound of Mint oil
